

# Summer of Riesling

*Tasting Saturday 28<sup>th</sup> January Noon – 6pm*

The Summer of Riesling continues at Five Way Cellars, with another opportunity to better your life through discerning Riesling consumption. The Riesling grape has a remarkable ability to reflect underlying terroir and a correspondingly diverse range of expressions. Whether powerful and dry or delicate and sweet Riesling can deliver purity of fruit, minerality, and an acid spine that will slowly melt into toast and honey with age. All this will be on display with over 20 wines from around the world on tasting.

Wines will include:
